

Foam Wrap Film

Silent Protection, Flawless Fit

Our **Foam Wrap Film** brings a new level of ease and precision to upholstery projects. This ultra-thin silent plastic film not only serves as a reliable moisture barrier but also makes inserting foam into form-fitting upholstery covers a breeze. Simply wrap and tuck your foam cushion loosely with our foam wrap and film and use a vacuum to shrink it down before inserting it into the upholstery. Choose our **Foam Wrap Film** for smooth, silent, and perfectly fitted cushions every time.
