

MARINETYTE® BANYAN

THE ULTIMATE IN YACHTING PROTECTION

WHAT IS IT?

2-sided commercial grade composite PVC.

WHAT ARE THE APPLICABLE APPLICATIONS?

Cockpit enclosures, bimini tops, sprayhoods, T-tops, equipment covers, & more.

HOW WILL IT PERFORM?

Specifically engineered to withstand even the harshest nautical environments, we tested MarineTyte® Banyan alongside the industry's top competing products and it outclassed them all.

WHAT THINGS WERE TESTED?

The effects that UV, heat, humidity, and jet fuel have on the color, strength, and hand of the material. MarineTyte® Banyan was the only product that had no discernible change after extended exposure to these environmental factors.

WHAT MAKES IT UNIQUE?

MarineTyte®'s specially formulated topcoat offers superior cleanability which means your work will always look good and your customers will stay happy.

WHAT IS THE WARRANTY?

We are able to offer an industry best 10-year warranty due to the impressive lab and field test results.

PHYSICAL CHARACTERISTICS?

12.5 oz available in both 59" and 80" widths.

ACCESSORY ITEMS?

Matching binding and facing available.
