

Vicar Sandwich Headliner

The forgiving headliner system for faster, easier installations.

Why Installers Choose It

- ✓ Prevents adhesive bleed-through while using less glue
- ✓ Allows peel-and-reset positioning
- ✓ Foam rebounds instead of denting
- ✓ Reduces rework and material waste
- ✓ 4-way stretch for easy shaping around curves and contours

What Makes It Different

Sandwich Headliner

Tri-layer System
Backing Prevents Telegraphing
Repositionable
Forgiving

Traditional Headliner

Two Layers
Glue Can Show Through
One-shot Install
No Second Chances
