Specifications

Roll Width: 54 inches

Roll Size: 40 yards

Weight: 29.25 ± 2 oz per linear yard

Thickness: 45 ± 5 mils

Cold Crack: -25°F

1000 Hours WeatherOmeter

Abrasion Resistance: No significant wear after 250,000 double rubs with #10 cotton duck using the Wyzenbeek test method

Features & Benefits

Mildew Resistant

Made in North America

Bromine-free, No Halogenated Flame Retardants (HFRs)

REACH compliant

RoHS compliant

Non Toxic

No heavy metals

No Bisphenol A (BPA)

No Ozone Depleting Chemicals

No PBT's (Persistent Bio accumulative and Toxic Chemicals)

Contains bio-based renewable ingredients

Content

Vinyl

Backing

100% Polyester Mellohide™

Fire Resistance

Manufactured to meet the following flammability* requirements:

CAL TB 117-2013

(Section 1 - Cover Fabric)

UFAC Class 1

NFPA 260A

FMVSS 302

* This term and corresponding data refer to typical performance in the specific test indicated and should not be construed to imply the behavior of this or any other material under actual fire conditions.

IMO MSC 88/26/ADD.
2 PART 8 (3.1 and 3.2)

Recommended Applications

Automotive

Hospitality

General Upholstery

Residential/Home Office

Hotel/Motel

RV

Work Stations

Care and Cleaning Instructions

To prevent build up of dirt and contaminants, which may cause permanent staining, periodic cleaning is highly suggested. The frequency of cleaning is dependent upon the environmental conditions the material is subjected to.

For normal cleaning: Most stains can be easily cleaned using warm, soapy water and clear water rinses. Moderate scrubbing with a medium bristle brush will help loosen soiling materials from the depressions of embossed surfaces. For more stubborn stains, use Formula 409® commercially available cleaner in accordance with the manufacturer's instructions. Full strength rubbing alcohol or mineral spirits* may be tried cautiously as a last resort on very stubborn stain, if the above suggestions do not work. Indiscriminate use of any solvent, or solvent containing cleaner, can severely damage or discolor vinyl. Always follow with a clear water rinse after cleaning with solvents.

Note: Detergents should never be used on a regular or repeated basis for normal cleaning. Morbern recommends repeated rinsing with clear water after any cleaning procedure. When opening a new container, please test the cleaner in an inconspicuous area as cleaning manufacturers may change formula without notice. Morbern cannot be responsible when unknown changes are made by the manufacturer of the cleaner to their formulations.

*Caution: Exercise care as these solvents are flammable. Use only small quantities of solvents and keep clear of any sources of ignition. Wear protective gloves and ensure cleaning takes place in a well ventilated area.

Note: Stronger cleaners, detergents, and solvents may be effective in stain removal, but can cause either immediate damage or slow deterioration. Many such materials are wrongly recommended in marine and other related industries. The use of such cleaners is at the owner's own risk.
