Featured work by: Canvas Designers

WeatherMAX® 80

Super high strength and durability combine with long-term color retention to deliver a truly versatile outdoor fabric for a variety of applications. The industry's most balanced and cost-effective fabric available for marine covers and tops, awnings, or other outdoor applications requiring outstanding durability, higher water repellency and excellent breathability.

10-Year Limited Warranty
(excludes Oyster and White fabrics which feature a 3-year limited warranty)

WeatherMAX® LT

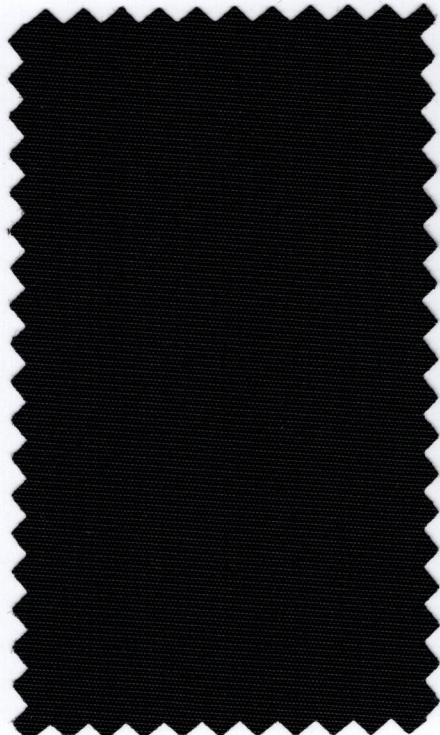

High strength and the same inherent fade resistant properties found in our WeatherMAX® 80 fabric, all packed into a true lighter weight fabric. The perfect choice for patio furniture covers, equestrian covers, or other applications where lightweight and ease of packing offer an advantage.

3-Year Limited Warranty

WeatherMAX® SG

The proven performance of our WeatherMAX® 80 fabric combined with an added soft backing to provide an extra level of scratch and scuff resistance for delicate surfaces. Unlike the typical needle punched soft backings on other fabrics, WeatherMAX® SG uses a flannel-like backing that is less bulky and does not entangle contaminants.

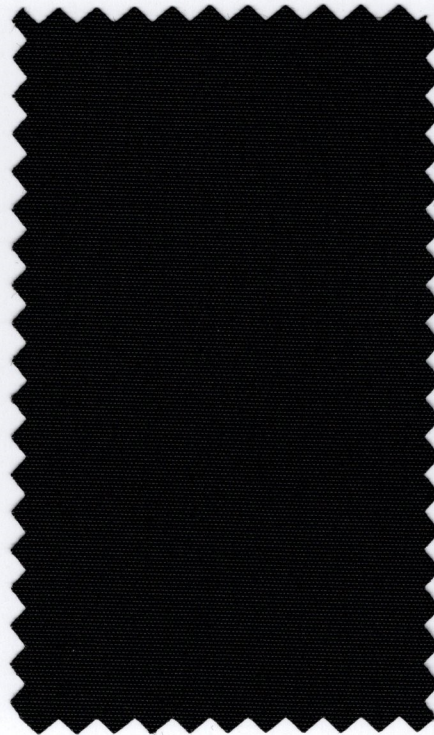

3-Year Limited Warranty

Specifications

Made with proprietary solution-dyed fiber. Finished with exclusive PFZero™ technology for water, dirt, and mildew resistance.

Care Instructions

Spot wash with soapy solution of a mild detergent and lukewarm water. Rinse thoroughly with clean water to remove soap and allow to air dry. For mildew stains, prepare a solution of (1) cup of bleach plus (1/2) cup of mild detergent per gallon of water. Spray on the entire area and allow for soaking. Rinse with clean water and allow to air dry.

WeatherMAX® Warranty

The limited warranty covers only the fabric being unserviceable because of loss of strength and/or color from normal conditions of exposure. Labor and installation supplied by the fabricator and/or installer are not covered. The consumer is responsible for normal care, cleaning, and maintenance of the fabric.

- The warranty runs for 10 years from the date of original purchase for WeatherMAX® 80 fabrics.
- Excludes Oyster and White fabrics which feature a 3-year limited warranty.
- The warranty runs for 3 years from the date of original purchase for WeatherMAX® LT fabrics.
- Safety Components will supply new fabric, free of charge, to replace the unserviceable fabric.
- Call your dealer who will contact Safety Components to request fabric replacement.
- A valid copy of the original invoice, showing date of purchase, is required for fabric replacement.
- This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.
